April 12, 2013

The Honorable Sam D. Pulia, Village President Village Board of Trustees Citizens of Westchester

On behalf of the Village Management Team, it is my pleasure to present to you the Village of Westchester's Annual Operating Budget for the fiscal year commencing May 1, 2013 and ending April 30, 2014. The FY 2014 Budget was developed by the Village's Management Team consisting of the Village's five department heads, the IT Manager and myself.

The Village's proposed FY 2014 Budget establishes the Village's fiscal policy for programs and services provided to its residents for the fiscal year beginning May 1, 2013. This budget provides the legal framework for the Village of Westchester to perform its duties and fulfill its financial obligations. This budget provides the spending authorization for seven budgeted funds:

General Fund
Special Revenue - Motor Fuel Tax Fund
Special Revenue - E-911 Fund
Special Revenue - Hotel/Motel Tax Fund
Capital Projects - Series 2013Project Fund
Debt Service - GO Bonds Series 2013 Bond Fund
Enterprise - Utility Fund

The budget has been prepared to address the operation, maintenance and capital expenditure needs of the Village of Westchester. As with other municipalities in the Chicago metropolitan area, the Village has been impacted at the local level by regional, state, and national economic conditions. As with the overall economy, Westchester has been impacted by the decline in the housing market, unemployment, credit/loan issues, the position of the stock market, increasing pension costs and the fiscal crisis in the State of Illinois government.

Fortunately, the lack of large commercial or retail establishments in Westchester has resulted in a less dramatic downturn due to the community's reliance on other sources of revenue apart from sales taxes. The overall economic conditions appear to be stabilizing and have caused revenue projections for state and local revenue to be flat as compared to the prior year. The most recent year-over-year sales tax analysis shows a slight increase for the last six months. The state income tax is expected to increase by approximately 10.5% over the prior year.

The Village property tax base is founded primarily in its residential housing stock. The assessed value of Westchester properties has decreased substantially based on the triennial reassessment of property values as of December 31, 2011; the Village's equalized assessed value decreased from \$670,014,859 to \$550,475,869 based on the reassessment. The property tax cap level for the 2012 tax year levy to be collected for the fiscal year beginning May 1, 2013, was 3.0%. Building activity has been in a steady decline since fiscal year 2008.

Personnel and benefit costs are by far the largest cost to the Village, and represent 75% of the total expenditures for the General Fund (only) and 63% for the entire budget. The vast majority of the Village's personnel are covered under six collective bargaining units. Only 19 of the 100 full-time employees are not members of a collective bargaining agreement. There are no part-time employees included in bargaining units. The collective bargaining units include the following, with the number of personnel in each bargaining unit shown in parentheses. The FY 2014 expenditure does not provide for any adjustments to labor agreements in negotiation.

	Contract Expiration Date
Sergeants (7)	April 30, 2012(negotiations pending)
Police Patrol (21)	April 30, 2014
Paramedics and Firefighters (23)	April 30, 2015
Dispatch/Records (9)	April 30, 2013 (negotiations pending)
Clerical (5)	April 30, 2015
Public Works Maintenance (16)	April 30, 2013 (negotiations pending)

All full-time personnel working for the Village are offered health insurance, life insurance, and by law are enrolled in a defined benefit pension plan. Civilian employees belong to the Illinois Municipal Retirement Fund, sworn police officers belong to the Westchester Police Pension Fund, and sworn firefighters belong to the Westchester Fire Pension Fund.

Fund Balances

The Village's budget funds require the use of accumulated reserves (fund balance) to balance their FY 2014 budgets as follows:

General Fund	\$ 48,471
Special Revenue – Motor Fuel Tax fund	\$118,949
Special Revenue - E-911 Fund	\$ 76,522
Special Revenue - Hotel/Motel Tax Fund	\$ 1,584

As with the FY 2013 Budget, fund summary sheets have been included that show future year fund balance projections based on economic modeling.

General Fund

Total general fund revenue for the 2013/14 Fiscal Year is budgeted at \$ 13,909,474. This represents an increase of \$609,283 or 4.6% from the 2012/13 Fiscal Year budgeted revenue of \$13,300,191. In the November 6, 2012 primary election, the Village residents passed a referendum authorizing a one percent non-home rule sales tax. These taxes will be assessed beginning January 1, 2013 and are restricted for infrastructure improvements. The FY 2014 Budget also includes estimated revenue from grant funding that has been awarded from federal agencies to acquire a fire apparatus.

Staff has taken the initiative to reduce costs during the current fiscal year through deferral of capital additions, utilization of financing options for necessary capital purchases, reduction in personnel overtime costs and other cost containment measures.

The FY 2014 budget includes street improvement expenditures of approximately \$5,090,000 to reconstruct local streets. The improvements will be funded primarily with the proceeds of the \$5,800,000 Series 2013 General Obligation (Alternate Revenue Source) Bonds issued on March 12, 2013 to be serviced from non-home rule sales tax distributions. These street improvements are budgeted for:

```
Hull Avenue – Cermak Rd. to Kent St.
Bond Street – Westchester Blvd. to Portsmouth Ave.
Nelson Square
```

Wellington Avenue
Lancaster Street – Wolf Road to Wellington Avenue
Fleet Street (South Side)
Preston Street – Kensington to Sunnyside (South Side)
Hull Avenue – Gladstone Street to the Strand
Highridge Avenue – Canterbury Street to Boeger Avenue
Heidorn Avenue – Canterbury Street to Charles Street
Charles Street – Wolf Road to Boeger Avenue
Newcastle Avenue – Roosevelt Road to North End
The Strand
Portsmouth Avenue – Drury Lane to Dickens Street
Suffolk Avenue – Roosevelt Road to Gladstone Street
Downing Avenue – Cermak Road to Windsor Street
Buckingham Avenue – Cermak Road to Windsor Street

Additional streets may be added depending upon project costs. The entire roadway will be removed and replaced with asphalt binder and surface. The projects will include repair or replacement of defective drainage structures and storm sewers, replacement of deteriorated sections of sewer lines, complete replacement of curb and gutters, replacement of any asphalt driveway aprons with concrete and depressed curbs. Parkway restoration will consist of topsoil and sod.

The public works budget also includes increase expenditures anticipated for tree removal and replacement as the Village tackles the destruction of ash trees by the Emerald Ash Borer.

Special Revenue - Motor Fuel Tax Fund

In May 2010, the Village issued \$3,500,000 Taxable General Obligation Bonds, Series 2010A to fund street reconstruction and repair. These bond proceeds were used to reconstruct nine local streets in Fiscal 2011 and eight local streets in Fiscal 2012. The Series 2010A Bonds were Build America Bonds and, pursuant to the American Recovery and Reinvestment Act, the Village is eligible to receive a rebate from the U. S. Treasury Department of 35% of the interest paid each year. The Sequester Law enacted by Congress on March 1, 2013, reduced this rebate by 7.6%. The Series 2010A debt service will cost approximately \$300,000 annually for twenty years. The debt service will be made from the Motor Fuel Tax Allotments received from the State of Illinois. The Illinois Municipal League is predicting that the local share of Motor Fuel Tax revenue will decrease by 2.5% to a per capita rate of \$23.50 in FY 2014.

Special Revenue - Hotel/Motel Tax Fund

The only source of revenue for this fund is the hotel tax imposed on services provided by the Hampton Inn. Initial revenue estimates show a stabilization of hotel tax receipts. Expenses included in this fund promote tourism in the Village and include costs for Village special events.

Special Revenue - 911 Fund

In this case, Emergency 911 Taxes (both locally imposed and the local share of State taxes) are recorded in this fund for the purpose of operating and maintaining a dispatch center for emergency communication. Emergency 911 expenditures are recorded both in this fund and in the General Fund. The Village imposes a \$1.50 per line tax on landlines. A small decrease in this revenue stream is noticed as consumers choose to eliminate their landline service in favor of wireless phones.

Capital Projects - Series 2013 Project Fund

The Capital Projects Fund was created in Fiscal 2013 to account for the capital expenditures spent from the \$5,800,000 Series 2013 General Obligation (Alternate Revenue Source) Bonds issued on March 12, 2013 restricted for infrastructure improvement projects within the Village.

In the November 6, 2012 election, the Village residents passed a referendum authorizing a one percent non-home rule sales tax. These taxes will be assessed beginning January 1, 2013. According to the Illinois Department of Revenue, the Village can expect annual revenue of \$630,000. Proceeds from this revenue stream must be used for infrastructure improvements and debt service on the Series 2013 Bonds. Expenditures in this fund are limited to infrastructure improvements. The fund includes a budgeted transfer out to the GO Bonds series 2013 Bond Fund to fund the debt service on the Series 2013 Bonds. Since the first interest payment on the Series 2013 Bonds is not due until June, 2014, there will not be a transfer out necessary in Fiscal 2013-14.

Debt Service - GO Bonds Series 2013 Bond Fund

The Debt Service – GO Bonds Series 2013 Bond Fund was created in Fiscal 2013 to account for the debt service expenditures on the \$5,800,000 Series 2013 General Obligation (Alternate Revenue Source) Bonds issued on March 12, 2013 restricted for infrastructure improvement projects within the Village.

The fund will be financed by a transfer in from the Capital Projects Fund, where proceeds of the Non-Home Rule Sales Tax are recorded. The only expenditure in this fund will be the principal and interest payments on the Series 2013 Bonds. The first payment is not due until Fiscal 2014-15.

Utilities Fund

The Village purchases its water from the Broadview-Westchester Joint Water Agency (BWJWA), who in turn purchases their water from the City of Chicago. As a direct result of Mayor Rahm Emmanuel and the Chicago City Council unanimously passing Mayor Emmanuel's budget, an increase of 25% was added to the cost of Lake Michigan drinking water beginning January 1, 2012. An additional water purchase cost increase of 15% was imposed by the City of Chicago as of January 1, 2013. The cost of the water from the City of Chicago is passed onto the Broadview-Westchester Joint Water Agency (BWJWA). After considerable discussion, the BWJWA agreed it should only pass on the direct cost of the annual water increases to its' participating municipalities. Effective January 1, 2012, the cost of 1,000 gallons increased from \$6.36 per thousand gallons to \$6.86 per thousand gallons of water. Effective January 1, 2013, the cost of 1,000 gallons increased from \$6.86 to \$7.10 to offset the increased water purchase cost.

The FY 2013 budgeted expenditures included approximately \$1.2 million for installation of a resin liner in certain segments of the sanitary sewer in Basin 384 north of Canterbury Street. The FY 2014 budgeted expenditures include approximately \$1.1 million for installation of a resin liner in certain segments of the sanitary sewer in Basin 384 south of Canterbury Street and in the Highridge/Heidorn area.

On January 24, 2012, the Board approved a contract extension for refuse services with Waste Management until 2017. The contract extension provides for an increase in rates of 5% in the contract year ended June 30, 2013, 2.5% in 2014, 3.0% in 2015, 3.5% in 2016 and 4% in 2017.

In May 2010, The Village issued \$1,610,000 Taxable General Obligation Bonds, Series 2010B to fund infrastructure improvements to the Village's water and sanitary sewer system, specifically the repainting of the interior of the Village's water tower and water main replacements of Fleet and Preston Streets. The debt service on the Series 2010B Bonds will be made from utility revenue. The Series 2010B Bonds were Build America Bonds and, pursuant to the American Recovery and Reinvestment Act, the Village is eligible to receive a rebate from the U. S. Treasury Department of 35% of the interest paid each year. The Sequester Law enacted by Congress on March 1, 2013, reduced this rebate by 7.6%. The annual debt service on the Series 2010B bonds is approximately \$190,000 through FY 2021.

On September 30, 2011, the Village was awarded a wastewater treatment works loan obtained through the Illinois Environmental Protection Agency (IEPA) low interest loan program. The FY 2013 budget included a rate increase of \$0.17 to pay for the 20-year \$1.387 million IEPA loan to finance sewer improvements in the Highridge area of town which includes point repairs to the existing sanitary sewers where necessary, installation of a resin liner in the main sewer lines, and rehabilitating manholes. The project is expected to be completed in May 2013. Debt service on the loan will be determined upon completion of the project.

SUMMARY

The FY 2014 Budget provides funds necessary to finance the continuation of excellent service provided by Village departments to the community, as well as fund several major capital improvements.

While the principal causes of financial challenges faced by local governments over the last several years have come from the revenue side of the budget, expenditure containment and control need to be continually addressed to ensure that we continue to operate within our means. Staff will continue to work to hold down and reduce operating costs where possible.

Cooperation with groups such as the Metropolitan Mayors Caucus, Illinois Municipal League and the West Central Municipal Conference continues to be critical in maintaining a municipal view in Springfield and Washington D.C. on unfunded mandates issues, i.e. homeland security which was previously provided by the federal government, protection of municipal revenues and the future role of local governments in providing services and programs that have traditionally been provided by the federal/state government.

The budget document represents a significant effort on the part of the entire senior staff of the Village of Westchester. We would like to commend senior staff on their diligence and efforts in developing this document. My special thanks are extended to Anne Burkholder, Finance Director, who was instrumental in creating a professional and comprehensive budget document.

Respectfully submitted,

Janet M. Matthys
Village Manager

Community Profile

Located approximately 14 miles west of Chicago in Cook County, the Village of Westchester encompasses a 4.5 square mile area and is home to 16,718 residents based on the 2010 United States Census. The Village was incorporated in 1925 and operates as a non-home rule unit of government. The village is primarily residential and commercial in nature, with housing stock consisting of 7,219 units.

The Village operates under a council-manager form of government as defined by the Illinois Municipal Code. The Village President, Village Clerk, and six trustees are elected at large to serve four year terms, with three trustees elected every second year. The Village Attorney is appointed by the Village President, with the advice and consent of the Village Board. The Village Manager is hired by the Village President and Board of Trustees. All department managers are hired by the Village Manager.

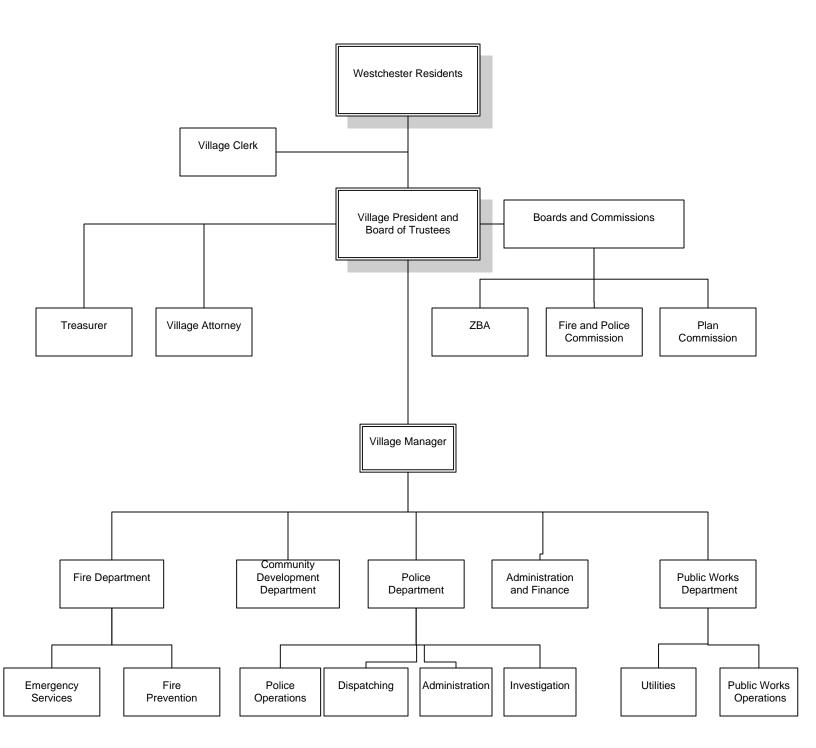

The Village Manager is the chief administrative officer of the Village and is responsible for its day-to-day operations. The Village Manager oversees a full-time staff of five department managers including Finance, Police, Fire, Public Works and Community Development.

The General Fund is the Village's primary operating fund. It accounts for the financial resources and uses traditionally associated with general government, except those required to be accounted for in a separate fund.

Revenues

The General Fund derives revenues from a variety of sources. General Fund revenues are separated into the following categories: Local Taxes, Licenses & Permits, Intergovernmental, Fines & Forfeitures, and other revenues. Total general fund revenue for the 2013/14 Fiscal Year is budgeted to be \$ 13,909,474. This represents an increase of \$609,283 or 4.58% from the 2012/13 Fiscal Year budgeted revenue of \$13,300,191. Further information on General Fund revenues is as follows:

Local Taxes

Local Taxes are taxes levied and imposed by the Village of Westchester.

Property Taxes – Property Taxes are levied by the Village of Westchester. They are based on the assessed value of real property located within the Village. Property values are assessed by Cook County. Taxes are also collected by Cook County and the Village's portion is remitted back to the Village. The property tax levy remains the greatest source of revenue to the Village's General Fund. The Property Tax Limitation Law limits the dollar amount levied from one tax year to another to the lower of 5% or the CPI. The property tax levy is separated into three portions: General Purpose, Fire Pension, and Police Pension. The Police and Fire Pension amounts are paid directly to the pension funds, limiting the funds available for the General Purpose portion of the levy. This year's property tax levy included general purpose revenue of \$4,640,700. The Police and Fire Pension Funds combine to levy \$1,501,800.

Utility Taxes – The Village collects three types of utility taxes. There is a 6% tax on telephone gross receipts, a 5% equivalent electric tax based on consumption, and a 5% gross receipts natural gas tax. The Village is forecasting a nominal change in electric taxes and a reduction of natural gas taxes. Since Electric and Natural Gas taxes are based on consumption, they fluctuate with weather, usage, and the price of natural gas. The 6% telecommunications tax is based on the amount of telecommunication services our residents purchase. Telecommunication taxes this year have come in right along the budgeted amount. There was a spike in the amount during the June 2012 disbursement; however that additional revenue was recognized during the 2012 FY and will be reversed during the 2013 audit process. The Village is projecting flat revenues for 2013/14.

Places For Eating Tax – The 1% Places for Eating Tax became effective October 1, 2006. For the coming fiscal year, the budget has increased slightly to \$195,000 due to the addition of the two new Dunkin' Donuts locations. This tax is regarded as a good barometer of the local economy.

Foreign Fire Insurance - These funds are received from insurance companies based outside of the State of Illinois that insure businesses within the Village. They are taxed at a rate of 2% and these funds pass directly through the General Fund and are paid out to the Foreign Fire Insurance Board. The expense offsetting this revenue stream is seen in the Fire Department portion of this budget.

Amusement Tax – The Village collects 3% on all amusement sales. The primary source of revenues in this line is a golf course located in town.

Video Rental Tax – The Village collects 8% on all video rentals.

Cable TV Tax – The Village assesses a 5% tax on cable TV subscriptions. The revenue has increased in recent years both due to an increase in cable rates and the integration of AT&T cable services in the Village.

Licenses and Permits

Building Permits – The Village saw a spike in building permit fees during 2012/13 with final projections exceeding \$400,000, which is an increase of approximately \$100,000 from the initial budgeted amount. This is due to a one-time permit from the Westbrook Corporate Center. The increased collections during this year should not be used to project revenues during 2013/14; therefore budget numbers for next year will remain flat.

Compliance Permits – The Village collects revenue for inspections performed during the building and remodeling process. Village Building Inspectors verify that work done in the Village complies with federal, state, and local building safety codes. Compliance permit revenue is coming in over budget. This is a result of increased compliance with inspection guidelines. The Village will budget for revenues next year to be comparable to those actually received during the current year.

Health & Elevator Inspection Fees – The Village pays for health inspections required at local businesses and passes the direct cost onto the applicable business. The elevator inspection fee was updated during the 2011/12 Fiscal Year to include an administrative fee. Current rates for these inspections are \$80 for a Health Inspection and \$60 for an Elevator Inspection.

Planning & Zoning Fees – These fees are nominal and are charged only when the Planning and Zoning Commission is required to meet and assess a recommendation to the Village Board.

Business Licenses – This revenue stream includes licenses for tobacco sales, signs, solicitors, and general business. The decrease in this revenue stream during the 2011/12 Fiscal Year was a result of the elimination of the real estate license fee. Revenues for the 2013/14 Fiscal Year are projected to increase slightly, based on the 2012/13 actual collections.

Contractor Licenses – The Village requires contractors wishing to receive a building permit within the Village to be licensed. The licensing process involves providing proof of insurance and bonding. These revenues are expected to remain constant.

Liquor License – Fees for the license required to sell liquor within the Village. This line has decreased slightly as the previous year's balance included some adjustments. The budget for 2013/14 is based on liquor licenses currently held within the Village

Vehicle Licenses – The Village issues a license to all vehicles registered within the Village. Licenses are available for purchase during March and April and must be displayed by May 1st. Stickers purchased on or after May 1st are subject to a late fee equal to the cost of the sticker. The late fees are recognized in the revenue line "Late Fee – Vehicle Stickers"

Intergovernmental

The Village of Westchester's intergovernmental revenue streams are comprised of the municipal share of taxes levied by the State of Illinois and State and Federal grants or reimbursement programs. Further detail on intergovernmental revenue is as follows.

Personal Property Replacement Tax – Replacement taxes are revenues collected by the State of Illinois and paid to local governments to replace money that was lost by local governments when their powers to impose personal property taxes on corporations, partnerships, and other business entities were taken away. The Village has chosen to share this revenue with the Westchester Public Library and the Westchester Fire and Police Pension Funds. The Illinois Municipal League estimates Personal Property Replacement Tax receipts remaining flat over 2013/14. The apparent decrease in the PPRT line results in a change in the display of the payments to the Pension Funds and to the Library. These amounts were previously recognized as expenditures and are currently recognized as reductions in revenue.

State Income Tax – Income tax is paid by residents to the state at a rate of 5% of the Federal Adjusted Gross Income. The state then remits a portion of this back to municipalities on a per capita basis. The Illinois Municipal League is projecting a 6% increase in Income Tax receipts for the 2013/14 Fiscal Year to \$95.40 per capita. This would give the Village of Westchester projected income tax revenues of \$1,594,897. In the interest of budgeting conservatively, the Village is projecting revenues of \$93.00 per capita; which still represents an increase over current year collections. Total budgeted revenues will be just over \$1.55M.

State Sales Tax – Sales Tax is paid by retailers to the State. The State then distributes the Municipal portion back to the Village. Distributions are based on actual sales from retailers within the Village. The past three years of actual data show sales tax collections of \$903,996, \$976,165, and \$980,109; which demonstrates a steady increase of sales tax revenues following the recent economic recession. The 2012/13 actual projection is slightly below target at \$965,000. Based on this information, sales tax revenues for 2013/14 will not only include an increase to accommodate the sales tax revenue to be generated by the two new Dunkin Donuts locations within the Village. A separate expenditure line will be created in the Administration/Finance Department to track the payments made back to the beneficiaries of the Economic Incentive Agreements entered into in conjunction with these Dunkin Donuts locations.

Local Use Tax - Local Use Tax is levied by the State of Illinois for the privilege of using, while in Illinois, any item of tangible personal property that is purchased anywhere at retail. The tax is imposed on the user of the item; however in most cases the tax is paid by the retailer when filing their state tax return. The Local Use Tax rate is 6.25% on general merchandise (including automobiles and other items that must be registered). The rate is 1% on qualifying food, drug, or medical appliances. Twenty percent of the general merchandise collections and one hundred percent of the food, drug, or medical appliance collections are remitted to municipal governments on a per capita basis. The Illinois Municipal League projects that for the 2013/14 Fiscal Year, the Local Use Tax per capita rate will be \$16.20. This rate multiplied by the Village's population of 16,718 would net the Village \$270,831.60 in Local Use Tax revenue. Conservatively, the Village will budget \$262,000 in Local Use Tax revenue.

Grants – The Fire Department is the recipient of a grant for \$441,750; which represents 95% of the purchase of a fire rescue vehicle. The offsetting expense is identified in the fire department portion of this budget.

State Police Reimbursements – The Illinois State Police offer funds to supply additional patrol coverage. The revenue received in this line should be directly offset by a corresponding expense in the police department budget.

Charges for Service

Rent – The Village receives rental revenue from the Post Office, as the Village owns the building used by the Post Office. The Village also receives rental revenue from cell phone providers for instances where cell phone towers are placed on Village property. Rental revenue is based on contract, and there is a decrease projected based on ongoing negotiations with the Post Office.

Ambulance Fees – These fees are assessed when the Westchester Fire Department responds to an emergency call. The fees are billed and collected by a third party.

Newspaper Ads – These fees are charged to various businesses wishing to advertise in the Westchester Newsletter, a monthly publication produced by the Village and available for free to Village residents. The advertising revenue collected offsets the expense of producing and distributing the newsletter.

Fines & Forfeits

Alarm Fines – The Village charges \$28/month for wireless alarm fees (net of \$20/month after charges). During the 2011-12 Fiscal Year, these fees were moved to the General Fund to offset emergency expenses recognized there. One third of this income is used to fund public education and safety programs through the Fire Department.

Police Fines – Fines assessed by the Westchester Police Department in accordance with the Village of Westchester Code of Ordinances. Revenues for 2013/14 are expected to be in line with actual projected collections for 2012/13.

Circuit Court Fines – Fines collected by the Circuit Court of Cook County and remitted to the Village. Collections for 2013/14 are expected to be in line with actual projected collections for 2012/13.

Code Enforcement Fines – Fines assessed by the Village for violations of Village code.

Photo Enforcement – In December 2008, a photo enforcement camera was installed at the intersection of Cermak and Mannheim Roads (southbound on Mannheim). In January 2009, two additional cameras were installed at the intersection of Roosevelt and Mannheim Roads (westbound on Roosevelt and Northbound on Mannheim). The decline of these revenues represents motorists exercising safer driving habits.

Police Towing – On March 24, 2009, the Village Board approved an ordinance in regards to the impoundment of a motor vehicle used in the commission of certain offenses, which called for a civil penalty not to exceed \$500.

Other Income

Interest Income – Interest income is derived from cash balances and investments that the Village holds, pursuant to the Village's investment policy. Rates over the previous several years have been historically low. The Village does not project any significant changes in interest income over the next fiscal year.

Sale of Fixed Assets – Occasionally the Village will find itself in possession of a fixed asset that it no longer has a functional use for. In such an instance, the asset would be sold at auction with the consent of the Village Board.

Reimbursements – Reimbursement revenue is derived from several sources. The largest portion of the Village's reimbursement revenue comes from the employee share of health benefits. Employee contribution to health insurance varies by union contract. Employees contribute 10% of the cost of health insurance. Other types of reimbursements include gas use from the schools and IRMA (Intergovernmental Risk Management Agency) reimbursements.

Rebate – Cook Co Gasoline Taxes – Cook County will provide a rebate to municipalities within the county for gasoline taxes paid on fuel purchased by the Village for municipal use. Revenue is applied for and received once annually.

Sidewalk – The Village partners with interested residents to replace sections of sidewalk that are in need of repair. Residents interested in participating in this program contact the Public Works department, and, if approved, the cost of sidewalk replacement is split 50/50 between residents and the Village. This revenue line is to track the residents' portion of the sidewalk replacement.

Tree Program – The Village partners with interested residents to replace parkway trees. Residents can choose from five varieties of trees to replace their dying or damaged parkway trees. The cost of the replacement trees is split 50/50 between residents and the Village. The Village is anticipating an increase in this program for the 2013/14 Fiscal Year in response to the Emerald Ash Borer increasing the amount of trees that will need to be removed throughout the Village.

Taxicab Program – In an effort to assist seniors in Westchester get around town, the Village offers seniors in the community cab vouchers valued at \$20 of cab service for a purchase cost of \$10. Cab services used on these coupons are only valid within the Village of Westchester.

Misc. Other Income – Occasionally the Village will receive revenue that is nonmaterial in nature and is not expected to be recurring. In such instances, the Village will recognize this revenue under Miscellaneous other Income.

Detail of General Fund Revenues appears on the following page.

Comparison of General Fund Revenues by Year

Composition of General Fund Revenue by Type

General Fund Expenditures

The General Fund is organized by department. The following departments exist in the General Fund:

- Administration
- Planning and Zoning Commission
- Community Development
- Dispatching
- Police
- Emergency Management
- Fire
- Public Works
- Infrastructure Improvements

Several fund-wide expenditure summaries appear on the following pages. Also included in this section is a "wish list" for items in the general fund requested by departments to assist in Village operations that have not been funded at this time. Staff will evaluate these requests during the coming fiscal year, and if prudent, they will be re-submitted for consideration in the 2014-15 FY budget. Following that is detail for each of the departments in the General Fund.

Administration/Finance Department

The Administration/Finance Department includes the Legislative, Village Manager and Finance divisions of the Village. The Village Manager is appointed by the Mayor with the consent of the Village Board. Village staff report to the Village Manager. It is the role of the Village Manager to direct staff in the daily administration of village services.

Other areas of Administration include:

- Human Resources
- Village Clerk
- Public Relations
- Adjudication
- Legal Services
- Community Events

The Finance area oversees:

- Accounts Payable timely payment of approved invoices for Village goods and services in compliance with the Village's purchasing policy
- Accounts Receivable collection of fees as assessed by Village ordinance
- Cash management reconciliation of the Village's cash accounts and secure investment of the Village's idle funds
- Work with the Village's external auditors to perform the Village's annual audit and prepare the Comprehensive Annual Financial Report (CAFR)
- Payroll processed biweekly for 115 Village employees represented by six bargaining agreements
- Budget Performance monitor actual revenues and expenses in comparison to budgeted figures and recommend appropriate budget amendments
- Annual issuance of business licenses and vehicle licenses
- Tax Levy Preparation
- Maintaining the Village's debt schedules

Notable changes in this year's Administration and Finance budget include the purchase of an updated general ledger software program.

Plan Commission/Zoning Board of Appeals

The Plan Commission makes recommendations on:

- Changes to the Village's Comprehensive Plan
- Special uses
- Text amendments to the Village's Zoning Ordinance

The Zoning Board of Appeals makes recommendations on:

- Variations to the Zoning Ordinance
- Appeals of decisions by the Director of Community Development

Both commissions are only recommending bodies. The Village Board has the right to accept, reject or modify the recommendation of these commissions.

The Plan Commission will be completely revising the Village's current Zoning Ordinance in the 2013/14 fiscal year. No significant changes are projected for the 2013/14 fiscal year. The Plan Commission makes recommendations on or changes to the Village's comprehensive plan and zoning code. The Zoning Commission makes recommendations on variations to the zoning code. Decisions by either commission must be approved or denied by the Village Board.

No significant changes are projected for the 2013/14 fiscal year.

Community Development Department

The Community Development Department is responsible for economic development, building permitting, and planning & zoning. There are many tasks that Community Development is responsible for within these disciplines. The Department's mission is to encourage a healthy, safe and prosperous community through programs and activities that benefit the residential and business sectors.

Economic Development

- Business Recruitment
- Assists potential businesses with site selection
- Business Retention
- Marketing the Village
- Information Dispersion
- Communication with Business Sector
- Staff Liaison to the Economic Development Commission
- Represent the Village at various regional events
- Implementing Village policies related to economic development
- Various Studies

Building Permitting

- Building Plan Review & Processing
- Issue Permits for various types of building activities, including, but not limited to, demo, reconstruction, rehab, and residential accessory structures like pools, patios, driveways.
- Review Plans for mechanical, electrical, plumbing, structural, energy conservation code
- Perform inspections of mechanical, electrical, plumbing, structural and health and sanitation inspections
- Processing Permit (Collecting Bond, Insurance, and Licenses, coordinating approvals.)
- Coordinate reviews with other department
- Building Code update
- Code interpretation
- Information Dispersion (handouts, flowcharts)

Planning and Zoning

- Process rezonings, variations, special uses, subdivisions, planned unit developments
- Review New Development
- Guide Applicants through the Entitlement Process
- Long Range & Short Range Planning (i.e. Comprehensive Plan update and sub-area plans)
- Coordinate with other departments
- Coordinate with other agencies (IDOT, IEPA, Cook County)
- Information Dispersion
- Zoning Code Administration
- Staff liaison to the Plan Commission and the Zoning Board of Appeals
- Provides demographic information

The total budget for the Community Development Department is expected to increase. There are minor increases to conferences & training, dues & subscriptions, maint. services – equipment, but the bulk of

the increase is due to an increase in other contractual expenses. Below you will find a brief explanation for the increase in the budget for next fiscal year.

- 1. *Other Contractual Expenses:* This line item needed to be increased to cover plumbing inspections. Prior to May 2012, plumbing inspections were performed by in-house staff. Due to changes in personnel, plumbing inspections are now being performed by an outside vendor.
- 2. **Professional Services:** Currently, the Village has adopted the 2000 International Building Code. Staff is proposing a review and update to our building code for the next fiscal year.
- 3. **Conferences & Training:** Department staff requires ongoing training to stay current on trends and techniques in the construction industry and best practices in planning and economic development. In order to increase the level of professionalism in the Department, training is required for all members of staff.
- 4. *Maint. Services Equipment:* This line item will increase to allow for subscriptions to SurveyMonkey, Constant Contact, Retail Lease Trac or Plain Vanilla Shell, and an additional user account on the building permit software.

Fire & Police Commission

The Fire and Police Commission provides for hiring and promotions to sworn personnel in the Fire and Police departments. Additional duties include hearing disciplinary and termination cases regarding sworn personnel. Eligibility lists for police officers and firefighters are good for two years, while promotional testing for fire lieutenants and captains, as well as police sergeants and lieutenants are good for three years.

During the 2012/13 Fiscal Year, the Fire and Police Commission welcomed two new members and has benefited from an increased collaboration between the Commission and Staff.

The budget for the Fire and Police Commission represents an increase in professional services to accommodate for testing and hiring procedures.

Dispatching

The 911 Dispatch Cost Center is supervised by the Police Department and consists of dispatchers receiving emergency calls, and sending aid to the community. This cost center consists entirely of salaries and benefits, with the maintenance and operations of the Communications Center budgeted in the E911 Fund.

This budget includes costs associated with a transition to outsourcing dispatch services to NORCOMM. Staff estimates that this process would take six months. After initial transition costs, the Village estimates savings exceeding \$1 Million after five years.

Police Department

The Mission of the Westchester Police Department is to work with all citizens to preserve life, maintain human rights, protect property, and promote individual responsibility and community commitment. Our department's goal is to assist citizens in preventing crime. Our department's focus is to serve the community at large, improve community awareness, and to continue citizen education by offering tips how not to be a victim of a crime.

The department is budgeted with three divisions: operations, dispatch, and emergency management. The Operations Division consists of items related to providing services to the community which includes: Patrol Division, Investigations, Code Enforcement, and Administration. The Dispatch Division consists of the salaries of the dispatchers (a separate 911 Fund provides for all other emergency communication expenditures). Emergency management consists of planning and preparation to address major emergencies within the Village, i.e. flooding, tornados.

Emergency Management

The Emergency Management division of the Village operates to ensure adequate response to a variety of emergency events that may occur in the Village.

The Emergency Management Agency is made up of volunteers and collaborates with the Police Department. A change in this year's budget includes the addition of a small stipend for the Emergency Management Agency Coordinator, who currently serves as a volunteer.

Fire Department

Westchester Fire Department Mission Statement

The Mission of the Westchester Fire Department is to adequately provide for the protection of lives and property for the community. The Fire Department will respond to and assist the community when incidents including fire, medical, specialized rescue, hazardous materials, natural and man made disasters, and all other matters generally accepted as the responsibility of the Fire Department occur.

Westchester Fire Department

The Village of Westchester Fire Department serves 16,718 residents in a community over 4.4 square miles. Westchester consists of 7,123 housing units, with 35% of our population consisting of children under 14 and adults over 65 years old. As you are aware, Westchester is home to its own grade school district, Divine Infant School, Divine Providence School, St. Joseph High School, two community centers, and numerous churches. Westchester is positioned in the main transportation corridor into Chicago. The Village is also home to Westbrook Corporate Center that increases our daily population to over 30,000 people. Although we are mainly residential, we are home to many small businesses and light manufacturing facilities.

The Westchester Fire Department is a Class 3 ISO rated fire department. We provide fire suppression, ALS Emergency Medical Services, fire prevention, public education, fire investigation, hazardous materials mitigation, and various levels of technical rescue services. Westchester provides one of three technical rescue units in the region and supplies equipment and manpower to the State of Illinois Terrorism Task Force Technical Rescue Response Team as well as the regional and statewide Hazardous Materials Response Team.

The Westchester Fire Department is a career 28 member fire department. We utilize the traditional 3 platoon system. Operations occur from two fire stations, staffed 24 hours a day, 7 days a week, 365 days a year. Our current fleet of apparatus consists of (2) Engines (2008, 2009), (1) Quint ladder truck (1999), (2) ALS ambulances (2005, 2007), Technical Rescue Trailer (1996) pulled by (1) F350 pickup truck (1997), (2) automobiles (2001, 2009), and the popular Fire Safety House (1994). All except one ambulance and one engine are staffed and in full service. In addition to our first due response, we are also auto-aid companies to the communities of Hillside, Bellwood, Broadview, and Oak Brook, increasing our initial primary response area to over 20 square miles and a total residential population of over 64,300 people.

2012 Fire Department Update

The Village, as a whole, has been working diligently on updating policies and procedures that were either non-existent or needed to be reviewed and updated to help reduce various safety risks for its employees and their residents. The fire department, along with reviewing the current risk management models, has also begun the daunting task of reviewing, updating, and creating our Standard Operating Procedures (SOPs) and Standard Operating Guidelines (SOGs). The process is being done as to look at if

the fire department is using the best practices available for our members' safety. Along with the safety aspect, the end goal is to have an easily accessible and user friendly set of SOPs and SOGs for all members to use for their benefit.

I have been working with my maintenance officer to get our preventive maintenance back on track after a few years of being deficient in this area. I have also reviewed vendors in regards to vehicle maintenance and vendors which supply parts for our vehicles to make sure that the village is receiving the best service for the best value. My building maintenance officer and I, walked through the fire stations which now are close to 60 years old to evaluate them and start planning for future repairs and upgrades that may be necessary. We were pleasantly surprised that only a few minor repairs are needed at this point.

In September, after the collective bargaining agreement was final, we started the 7G Fire Inspector Program that dedicates a fire inspector on a weekday basis to conducting fire prevention business only. This has proven highly successful already. In just the few months that the program has been running, not only have the inspection numbers quadrupled, the rate of compliance by our businesses has greatly improved. Some of the major reasons for the success of the program are that along with the inspectors exclusively concentrating on fire prevention duties, the follow-up inspections conducted with the same inspectors has created consistency in the process. I highly recommend that this program continue to be supported by the village.

We currently have our newest probationary firefighter candidate finishing up in the NIPSTA fire academy in Glenview, Illinois. My training officers and I have also reviewed our processes, records, and training materials. We are in the process of updating our current training methods and record keeping. We have also evaluated our current training materials, of which the vast majority is 20 years old or more. The two year training plan that was presented was an aggressive plan that was started. We have sent some of our firefighters to some of the required training but due to personnel issues, we were unable to carry out the full plan. I am looking for support to continue on this plan for the next two years, again reevaluating it going into next budget year. I was able to send some firefighters to training with WMD Homeland security grant funds that incurred no cost to the village. I will continue to seek these opportunities along with bringing as much training as possible to the Westchester Fire Department in order to minimize our training budget spending.

Our EMS revenues were up almost \$62,000 due to our user fees that we charge for any individuals being transported to the hospital by a Westchester ambulance. Along with PBS (billing company) reducing its collection fees, my EMS division and I have been working with PBS to streamline our billing procedures and bill our users more efficiently, resulting in higher collection rates. The EMS division has also placed our Truck 315 into an ALS response capacity. This has increased the level of service that we are able to provide throughout the town. Along with the ambulance providing Advance Life Support service, now the vehicles (non-transport vehicles) running out of BOTH fire stations are able to provide our residents this level of support while awaiting arrival of the ambulance. We have evaluated the reserve ambulance's equipment, and are planning on fully stocking it up in case of any emergency breakdown of

the frontline ambulance or if a call-back is authorized, the reserve ambulance will be able to transport in case the front-line ambulance is on another call.

As you are already aware, we were awarded a FEMA AFG grant for a Heavy Rescue Squad in the amount of \$465,000.00 during the first week of January, 2013. The financial responsibility for the Village of this vehicle is only 5%, which is \$23,500.00. A committee was formed to explore three preferred manufacturers. After visiting all three facilities, evaluating their manufacturing processes, looking at their apparatus and the options available, talking with their representatives and engineers, and putting out a formal request for proposal (RFP), the committee along with all of my Lieutenants and Captains decided to award the contract to Fire Service, Inc. to build an E-One Heavy Duty Rescue Squad. We are very excited about this unique vehicle and its capabilities. Acquiring this squad will not only increase the level of rescue services that we provide, but it will help to reduce the wear and tear of Truck 315 which is currently 14 years old (average life-span of this type of vehicle is typically around 20 years). I hope to extend the life of the truck by as much as 5 years as a result of using the squad.

Public Works

The Public Works Department provides essential services which enhance the lives of residents, businesses, and the community in general. Maintenance of public rights of way which promote public safety are the primary function of the department which include pavement patching, resurfacing, crack filling, pavement striping, snow and ice removal, tree trimming, removal of dead or diseased/dying parkway trees, maintenance and replacement of traffic signs, brush collection, street sweeping, maintenance of public buildings and property, fleet maintenance, storm sewer cleaning and repairs, leaf collection, street light repair, curb and gutter replacement, sidewalk replacement, catch basin cleaning, and storm water management.

The Department also works closely with community groups and other Village departments to provide assistance as needed.

Infrastructure Improvements

Infrastructure Improvements was a newly created department during the 2012-13 FY Budget. This department was used to separately track the expenses for the Fall 2012 Street Improvement Project within the Village. The aggregate cost of these improvements was subsequently reimbursed by the 2013 Alternate Revenue Bonds issued in early 2013 supported by the 1% Non Home Rule Sales Tax.

Future expenses for street improvements supported by the 2013 Bond Issuance will be tracked in the newly created Capital Projects Fund.

UTILITIES FUND

The Utilities Fund is operated as an enterprise fund, and therefore seeks to utilize business-type operations to provide water, sanitary sewer, and refuse services to the Village. The Utilities Fund includes water distribution, sewer transmission, and refuse collection.

Westchester receives its water from the Broadview Westchester Water Agency, which contracts with the City of Chicago to purchase a Lake Michigan Water Allocation. Village wastewater is processed through the Metropolitan Water Reclamation District. Refuse collection in the Village is on a contract with Waste Management.

The Village currently has approximately 7,000 residential utilities accounts, 250 commercial accounts, and 11 industrial accounts. Residential utility customers are billed quarterly for water, sewer, and refuse service, whereas commercial accounts are billed each month.

Revenues

The primary sources of revenue in the Utilities Fund are user fees.

Charges for Service

Refuse Collection – The Village collects revenue to pay for refuse collection in the Village. An increase of 2.5% is budgeted to accommodate the increased cost of the contract with Waste Management.

Water Sales – A nominal increase is budgeted on water rates to offset the increase passed on to the Village from the Broadview Westchester Water Agency.

Meter Sales – Commercial customers in the Village purchase their own water meters. Revenue from these sales occurs only during new construction or renovations/repairs on existing property.

Sewer Fees – A nominal increase is budgeted on sewer rates to offset capital sewer needs.

Penalties – A penalty of 10% is imposed on past due balances.

Other Income

Interest income – No significant increases are expected on interest income Village-Wide as rates of return on Village investments.

Reimbursement – The utilities fund receives reimbursement for the leaf bag program and from the employee share of health insurance costs deducted during the payroll process.

Detail of Utilities Fund Revenues appears on the following page.

Utilities Fund Expenditures

The largest portion of expenditures in the Utilities Department is contractual services. These are comprised of fees paid to Waste Management for refuse collection. The other primary expenditure in the Utilities Fund is paid to the Broadview Westchester Water Agency for water purchased. Only nominal increases are applied to these expenses for the 2013/14 fiscal year to accommodate increases charged to the Village.

The personnel services portion of the Utilities Department budget represents costs established through collective bargaining agreements.

Detail of Utilities Fund Expenditures appears on the following page.

MOTOR FUEL TAX FUND

The Motor Fuel Tax Fund is used to account for the receipt of the State's MFT allotment to the Village. The State allocates MFT funds on a per capita basis. The State of Illinois places restrictions on the use of these funds, as such the Motor Fuel Tax operates as a Special Revenue Fund.

Revenues

The primary source of revenue in the Motor Fuel Tax Fund is the MFT allotment from the State of Illinois.

Intergovernmental

Allotment Income – The distribution of MFT revenue is based on population. The Illinois Municipal League is predicting that the local share of Motor Fuel Tax revenue will decrease by 2.5% to a per capita rate of \$23.50. This projection includes several unknown factors, the largest of which being the potential increase in the cost of gasoline.

Other Income

Interest Income – The Village anticipates spending cash on hand to finish some road projects and therefore depleting some fund reserves from previous years; therefore interest earnings in for the 2013/14 Fiscal Year are expected to be minimal.

Misc Other Income – This amount is derived from the credit the Village receives from the Build America Bonds in conjunction with the 2010A Bond Issuance.

EMERGENCY 911 FUND

The Emergency 911 Fund operates as a Special Revenue Fund. Special Revenue Funds are used when a dedicated revenue source has legal restrictions placed upon its use. In this case, Emergency 911 Taxes (both locally imposed and the local share of State taxes) are recorded in this fund for the purpose of operating and maintaining a dispatch center for emergency communication. Emergency 911 expenditures are recorded both in this fund and in the General Fund.

Revenues

Local Taxes

Landline 911 Tax - The Village imposes a \$1.50 per line tax on landlines. A small decrease in this revenue stream is noticed as consumers choose to eliminate their landline service in favor of wireless phones.

Intergovernmental

Wireless 911 Tax – A 911 cellular phone tax is collected by the State with a portion of it (currently around \$0.48/phone) remitted back to the Village.

Charges for Service

911 Alarm Fees – The Village charges \$28/month for wireless alarm fees (net of \$20/month after charges). During the 2011/12 Fiscal Year, these fees were moved to the General Fund.

Other Income

Interest Income – Interest in the E911 Fund is expected to be nominal as the Fund does not maintain a large cash balance.

Expenditures

The expenditures in this fund relate to the communication infrastructure within the Village. The breakdown of these expenditures has the potential to change drastically if the Village chooses to outsource 911 dispatching.

HOTEL/MOTEL TAX FUND

The Hotel/Motel Fund operates as a Special Revenue Fund. Special Revenue Funds are used when a

dedicated revenue source has legal restrictions upon its use. In this case, the Hotel/Motel tax is restricted for the use of tourism related expenditures within the Village. Previously, these

expenses largely related to the Westchester Fun Fest expenses. This year brings about a change for

tourism and community events within the Village. The property that the Westchester Fun Fest was held

on has been sold and the Fun Fest has been discontinued. This presents an exciting opportunity to host

a variety of smaller events throughout the year designed to foster community spirit and cultivate a welcoming, entertaining, and inviting environment for residents and visitors of Westchester. These

events are being planned and executed by the Special Events Committee.

Revenues

Intergovernmental

Hotel/Motel Tax – Hotel/Motel Tax is collected at a rate of 5% and is received quarterly from vendors in

the Village. Hotel/Motel Tax revenues are expected to remain flat.

Other Income

Interest Income – Interest is expected to be nominal due to both the relatively low cash balance kept in

the fund as well as low interest rates in the market.

Reimbursement - The bulk of reimbursement was previously received for the purchase cost of

amusement wrist bands at the Westchester Fun Fest. This revenue stream will no longer be viable;

however the corresponding expense will also not be necessary.

Expenses

Since Westchester will not be hosting a 2013 Westchester Fest, President Pulia has requested that the

Special Events Committee embark on establishing new special event traditions for the community. This will involve planning multiple special events that cater to the variety of interests and tastes within

Westchester. Such event planning involves continued collaboration between community organizations.

Below you will find additional information regarding a few of the proposed events for the 2013 season.

We are still in the beginning stages of planning for many of these events we hope to bring to the community. This narrative provides a snapshot of the vision that the Special Events committee has

developed for the following events.

Cinco De Mayo Celebration

When: Saturday, May 4, 2013 from 3:00 pm – 8:00 pm

Where: North end of Gladstone Park

Description: This event will be enjoyable for the whole family placed the day prior to Cinco de Mayo.

This will be a Village celebration themed in honor of the day.

81

Entertainment: The entertainment will be staged under a medium sized tent with a dance floor.

Entertainment will include; a DJ, performance by the Ballet de Folklorico, piñata contests for the

children, and possibly salsa lessons by a local studio.

Food & Drink: We are hoping to have at least two food vendors sell Cinco de Mayo themed foods. There

will also be a small beer tent available in a fenced off area (the beer garden)-police officers will be

present to attend the entrances and wristband those entering the area.

Movies in the Park/Family Fun Nights (3)

When: Tuesday, June 4, 2013 & Tuesday, July 2, 2013 & Tuesday August 6, 2013 (in conjunction with

NNO)-movies will begin at 8:30 approximately sundown

Where: Park District at Bond & Westchester Blvd.

Description: This event will be enjoyable for the whole family.

Entertainment: The entertainment will include a family appropriate movie displayed on a projector

screen. Other entertainment additions include an inflatable bounce house and games for the kids prior

to the movie.

Food & Drink: Popcorn, drinks and candy will be available for purchase for a complete movie experience.

July 4th Parade

When: Thursday, July 4, 2013-parade will begin promptly at 9:30 am

Where: The parade begins at the intersection of Mayfair & Dorchester and travels East along Dorchester

across Mannheim and continues North, North East on Balmoral turning right on Canterbury, right on

Newcastle, and right on Bond concluding at Bond and Westchester Blvd (Westchester Park District).

Description: This event will be enjoyable for the whole family. The parade will include floats, marching

bands, community participation and celebration of the holiday for Independence. Immediately following

the parade, there will be a picnic in the park sponsored by the Village and Park District

Food & Drink: Picnic in the Park with the annual hotdogs and beverages provided to those in

attendance.

BBQ Block Party

When: Saturday, July 27, 2013from Noon-8:00 pm (tentative time, date, & location)

Where: Westchester Park District (Bond & Westchester Blvd.)

82

Description: This will be a country themed event complete with pie baking contests, watermelon eating contest, and a mechanical bull. Bingo may also be a featured event for residents as well as a bean bag tournament.

Food & Drink: The committee will solicit food vendors to sell country themed treats for attendees such as roasted corn and BBQ.

DEBT SERVICE FUND

The Debt Service fund was created by ordinance in conjunction with the 2013 Bond Issue. It's use is to separately track the bond payments.

Revenues

The only revenue in this fund will be a transfer in from the Capital Projects Fund, where the Non Home Rule Sales Tax is recorded.

Expenses

The only expense in this fund will be the bond payments for the 2013 Alternate Revenue Bonds. The first payment is not due until Fiscal 2014-15

CAPITAL PROJECTS FUND

The Capital Projects Fund was created at the end of FY 2013 to account for the Capital Expenditures spent out of the 2013 Alternate Revenue Bonds designated for street improvement projects within the Village.

Revenue

Non Home Rule Sales Tax – On November 6, 2012, Westchester voters approved a 1% Non-Home Rule Sales Tax. This tax took effect on January 1, 2013. According to the Illinois Department of Revenue, the Village can expect annual revenue of \$630,000. Proceeds from this revenue stream must be used for infrastructure improvements.

Expenses

Expenses in this fund are limited to infrastructure improvements. The Public Works Director, under the advice of the Village Board, has created a street improvement program that will down spend the bulk of the bond proceeds.

The other item that will appear in this fund in the future is a transfer out to the debt service fund to make the bond payments for the 2013 Series Alternate Revenue Bonds. Since the first interest payment is not until June, 2014, there will not be a transfer out recorded in Fiscal 2013-14.
