April 22, 2025

The Honorable Greg Hribal, Village President
Village Board of Trustees
Citizens of Westchester

On behalf of the Village Staff, it is our pleasure to present to you the Village of Westchester's Annual Budget for the fiscal year commencing May 1, 2025 and ending April 30, 2026. The FY 2026 Budget was developed by the Village's Management Team consisting of the Village Manager, Assistant Village Manager, Accounting Manager, Administrative Services Coordinator, Police Chief, Deputy Police Chiefs, Fire Chief, Community Development Director, and the Public Works Foreman.

The Village's proposed FY 2026 Budget establishes the Village's fiscal policy for programs and services provided to its residents for the fiscal year beginning May 1, 2025. This budget provides the legal framework for the Village of Westchester to perform its duties and fulfill its financial obligations and liabilities. The budget provides the spending authorization for the following funds:

- General Fund
- Utility Fund (Enterprise Fund)
- Motor Fuel Tax Fund (Special Revenue Fund)
- E-911 Fund (Special Revenue Fund)
- Hotel/Motel Tax Fund (Special Revenue Fund)
- Debt Service Fund
- Debt Service Fund – 2021 Bonds
- Capital Projects Fund
- Capital Projects Fund – 2021 Bonds
- Roosevelt Rd. TIF Fund
- Cermak-Oxford St. TIF Fund – (Closed in FY 2024)

The FY 2026 Budget has been prepared to address the operation, maintenance, capital expenditure, liability, pension, and debt service needs of the Village of Westchester. As with other municipalities in the Chicago metropolitan area, the Village has been impacted at the local level by regional, state, and national economic conditions.

The Village property tax base is founded primarily in its residential housing stock. The assessed value of Westchester properties increased substantially in 2017 based on the triennial reassessment of property values; the Village's Equalized Assessed Value (EAV) increased from the 2016 amount of \$455,125,517 to \$536,677,571 in 2017 based on the reassessment, which is a 17.9% increase from the prior year. The 2020 year was again a triennial reassessment year and the Village's EAV was \$602,139,624. The 2023 triennial reassessment EAV was \$666,138,214. The 2024 EAV is projected to increase a little more than 2.0% to roughly \$680,961,000.

The FY 2026 estimated property tax revenue is \$10.2 million. Of this amount, \$2.42 million is for debt service, \$4.79 million is for police and fire pensions, and the remainder of \$3.00 million is to fund General Fund operations. Without the pension levies, 16% of General Fund operations are funded by the tax levy.

In the General Fund, personnel and benefit costs of \$16.3 million depicted on the graph on page 15 are by far the largest cost to the Village and represent approximately 70% of the total expenditures in the General Fund only, and roughly 37% of the entire expenditure budget across all funds. The vast majority of the Village’s personnel are covered under five collective bargaining units. The FY 2026 budget provides for estimated salary adjustments for labor agreements in negotiation. The collective bargaining units include the following:

Contract Expiration Date

Police Sergeants	April 30, 2027
Police Patrol Officers	April 30, 2023 (in negotiations)
Firefighters and Lieutenants	April 30, 2027
Police Civilian/ CSO Officers	April 30, 2025
Public Works Maintenance	April 30, 2026

It is important to note that the Village completed a Compensation Study in FY 2024 for implementation in FY 2025. Those recommendations for non-union personnel continue to be incorporated in this budget document.

All full-time personnel working for the Village are offered insurance benefits, life insurance, and by law are enrolled in a defined benefit pension plan. Civilian employees belong to the Illinois Municipal Retirement Fund, sworn police officers belong to the Westchester Police Pension Fund, and sworn firefighters belong to the Westchester Fire Pension Fund.

Budget Formulation

The Village’s Annual Budget is developed by Village staff using revenue assumptions and estimates to determine the appropriate Village spending level.

The Village’s major revenue sources are Local Taxes such as property and other local taxes, Intergovernmental Revenues such as sales tax and income tax, and Charges for Services such as ambulance fees and rubbish fees. Some Intergovernmental revenues like income tax, local use tax, and the cannabis tax are shared with the State of Illinois. These are distributed to the Village from the State on a per capita basis and are estimated as such.

As revenue projections are formulated, the department heads meet with the Administration staff to develop the proposed budget which is presented to the Board of Trustees.

The Village has conservatively estimated its revenues based on trends of the past fiscal years along with a consideration of the current economy. In addition, a key resource for revenue estimates is the Illinois Municipal League’s State Shared Revenue Estimates and Forecasts.

Bond Issue

A Village ordinance to issue bonds of not more than \$42,000,000 was adopted by the President and Board of Trustees of the Village on January 26, 2021. These general obligation bonds were approved by the voters of the Village at the general election held on November 3, 2020 (the “Bond Referendum”). The results of the election were 5,324 votes (70%) in favor of the proposition and 2,230 votes (30%) in opposition.

The Bond Referendum authorized the issuance of general obligation bonds for the purpose of (i) financing various capital infrastructure improvements throughout the Village including road and alley improvements, improvements

to the water system and sanitary sewer system of the Village and storm water system improvements, and (ii) to the pay the costs of issuance of the Bonds.

Fund Balances/Net Position

Across all funds, the Fund Balance/Net Position is budgeted to decrease a combined \$7.463 million. This is primarily driven by the spend down of bond proceeds in the Capital Projects Fund and the water and sewer infrastructure capital improvements in the Utility Fund.

Fund summary sheets are presented in this budget document that show two years prior actual amounts and projected fund balance for Fiscal Years 2024 and 2025.

General Fund

General Fund budget will not require the use of accumulated reserves (fund balance) to balance its FY 2026 Budget. Revenues are estimated to exceed expenditures by roughly \$259 thousand. This follows several years of combined growth in the General Fund's fund balance. Total General Fund revenues and other financing sources for the 2026 Fiscal Year are budgeted at \$23.471 million. This represents an increase of \$339 thousand or 1.5% from the FY 2025 budgeted revenue of \$23.132 million. State revenue growth, one of the main drivers of the Village revenue, is estimated to flatten with 1.1% growth. This estimated increase is spread over a variety of revenue sources with others showing decreases. There are currently no new core revenue sources expected in Fiscal Year 2026, although a potential State grant of \$350 thousand for fire station improvements is budgeted for. Rubbish fee revenue is projected at \$1.710 million for FY 2026 and is a significant revenue item. However, it is important to note that during FY 2025 a new hauler assumed the Village's contract in July 2024, and projected revenue has decreased roughly \$700 thousand from the prior year's budget. Rubbish is largely a pass-through item, as the Village is subsequently charged service fees by the hauler. Correspondingly, rubbish service expenditures paid by the Village have decreased by a like amount.

The property tax levy has been increased by the allowable of 5% or the lesser of the Consumer Price Index (CPI) increase of 3.4% of the prior year's tax extension. This increase in tax revenue is being allocated in larger amounts to the police and fire pensions to accommodate the unfunded accrued liability in both pensions. For FY 2026, \$4.790 million of tax levy collections are allocated for police and fire pensions combined. This is an increase of \$203 thousand from the prior year. The pension levies are 61.5% of the total levy collected in the General Fund. For General Fund operational purposes \$3 million is levied. Police and Fire Pensions are levied and appropriated at the actuarial recommended full amount.

For FY 2026, budgeted Intergovernmental revenue is \$6.380 million (pages 16 and 19), up from last year's budgeted \$6.199 million. Intergovernmental revenue consists of Personal Property Replacement Tax, Income Tax, Sales Tax, Use Tax, Cannabis and Dispensary Tax, and state and federal grants. This revenue category is 27% of the General Fund total budgeted revenues. The main drivers of the increase are sales and income taxes and the aforementioned State grant. Additionally, the Village is applying for a \$200 thousand grant from the Chicago Metropolitan Agency for Planning (CMAP) relating to a comprehensive plan, and will look for other grant opportunities and funding for various needs in FY 2026.

As noted on page 20 and page 22, total General Fund expenditures for FY 2026 are budgeted at \$23.212 million, a decrease of \$725.4 thousand or 3% from the prior year's budget. This includes operating and non-operating expenditures. FY 2025's projected expenditures are \$22.816 million. The budget-to-budget expenditure decrease is primarily spread over Information Technology, Fire, and Public Works departments. The President and Village Board, and Information Technology are new departments created in the prior year to form a better separation of operational costs in the fund. A large part the two new departments' budgeted expenditures were budgeted in the Administration department in prior years. Although the personnel budget across all Village departments is increasing by \$524 thousand, decreases in contractual (\$489 thousand), commodities (\$130 thousand),

contingencies (\$100 thousand), and capital outlay (\$521 thousand) are all contributing to the decrease from the prior year's budget. A large part of the personnel budgeted increase is needed in the police department due to a decrease in staffing levels experienced in FY 2025. Most large capital items that were budgeted for in the General Fund in FY 2025 are now more appropriately budgeted for in the Capital Projects Fund.

This General Fund budget takes into account all operating and maintenance expenditures, small capital outlay, liabilities, pensions, and debt service.

After negative changes in fund balance from FY 2015 through FY 2019, the Village recorded an increase in fund balance in FY 2020 of \$134 thousand. Positive changes in fund balance of \$1.969 million in FY 2021, \$1.519 million in FY 2022, \$2.041 million in FY 2023, and a preliminary surplus of \$361 thousand in FY 2024 have grown the fund balance to an appropriate reserve level. Early estimates of revenues and expenditures for FY 2025 are hovering around a break-even point. If said expectations hold true, the ending fund balance for FY 2025 would be roughly \$8.3 million and would slightly exceed the Board policy of 30% of annual operating expenditures. Although this is an encouraging trend, there are major capital equipment and vehicle replacements that are needed. Committing or assigning fund balance for these potential purchases will need to be considered in the near future by the Board.

Utility Fund

The Utility Fund is projected to decrease over \$8.3 million. This is due to more accurate cost accounting for capital items, staffing, and operational costs as well as natural growth increases across personnel and contractual services. The commodities budget is \$146 thousand less than the prior year's.

Utility rates are adopted by Village ordinance in order to cover labor costs and maintenance, and capital costs to operate the system, in addition to offsetting the increase in water rates from the City of Chicago. Per Village Ordinance No. 2024-2314, the water rate increased in FY 2025 (July 1, 2024) to \$16.70 from \$12.36 per thousand gallons. There is also a \$12.00 Infrastructure Fee (IF) per billing placed on each bi-monthly water bill. For sewer, the rate increased to \$1.55 per thousand gallons with an infrastructure fee \$12.00. The rate adjustment from July 2024 is being fully budgeted for in FY 2026. The FY 2025 Budget did not include the rate adjustment.

Following Village Board discussions in the spring of 2024, a more comprehensive rate study is currently being undertaken and should be completed in early FY 2026. As the results of this study and subsequent Village Board directions are unknown at the time of this budget being presented, once again any further rate adjustment has not been incorporated into this document.

The Village has a significant amount of watermain, sanitary sewer, and storm sewer that is approaching or is over 100 years old. In November 2020, the Village took an initial step to address the worst condition infrastructure with a \$42 million bond referendum, which included a portion of this type of infrastructure in addition to much needed road and alley work. While extremely helpful, the Village unfortunately has an extensive amount of underground infrastructure that needs to be addressed after referendum funding is exhausted. After referendum funded projects are completed, there will still be 46.18% of all watermain, 27.45% of all sanitary sewer, and 60.02% of all storm sewer remaining that was installed in the 1920's-1930's. In addition, the Village has approximately 3,611 lead services that will be required to be replaced by 2040.

The Village has three IEPA low-interest loans. They are for the Highridge sanitary sewer project, the water tower repainting project, and the Sunnyside sewer replacement project. The total annual debt service budgeted for FY 2026 on these three loans is \$278.6 thousand.

In FY 2022, the Village received \$1.1 million in federal American Rescue Plan Act (ARPA) money and another \$1.1 million FY 2023. This grant money was partially spent in FY 2023 for a stormwater drainage infrastructure project, and the remainder was appropriated for expenditure in FY 2024 for the purchase of replacement water meters throughout the Village at a total cost of roughly \$1.8 million. The remaining roughly \$400 thousand of the ARPA grant was fully spent through FY 2025.

Special Revenue - Motor Fuel Tax Fund

Motor Fuel Tax funds are restricted by the State of Illinois per State Statute. Beginning January 1, 2023, the tax imposed by the State is 39.2 cents per gallon. Per State Statute, the rate shall be increased by an amount equal to the percentage increase in the Consumer Price Index (CPI). Currently, the State Motor Fuel Tax is 65.6 cents per gallon. Of the Motor Fuel Tax Funds collected by the State, 54.4% of the distributable amount is allocated as the Local Portion. Of the local allocation, 49.1% allocated to the municipalities. The Village receives a monthly allocation based on per capita.

The Illinois Municipal League (IML) provides estimates of municipal per capita distributions, which are considered by the Village for budget estimates. At the time of the estimate for municipal FY 2026, the IML predicts the municipal share to increase roughly 2.6% from the prior year. Although this tax will increase with a CPI increase, revenues in the Motor Fuel Tax Fund will continue to grow if consumption of motor fuel increases. The FY 2026 budget of \$756 thousand is up from FY 2025's projected by almost \$6 thousand. Looking ahead into the near to intermediate future, the Village will need to consider potential lost motor fuel tax revenue as the popularity and use of electric vehicles increases.

For FY 2026, the Village is appropriating a combined \$478.5 thousand for engineering, street salt, and street improvements.

In March 2020, the Village issued \$4,885,000 of General Obligation Bonds (Motor Fuel Tax Alternate Revenue Source), Series 2020 to fund street reconstruction and repair and to refund the remaining Taxable General Obligation Bonds, Series 2010A bonds. This refunding has garnered a \$184 thousand net present value savings to the Village for debt service. Along with these savings, \$2.986 million was new money available for road and street repair. The debt service will be paid or funded from the Motor Fuel Tax Allotments received from the State of Illinois. Essentially all of the bond proceeds had been spent by FY 2023 for street reconstruction. Bond and interest payments for these bonds is paid from the Motor Fuel Tax Fund. The total debt service appropriated for FY 2026 is \$338 thousand. The Public Works department has incorporated the bond proceeds and grant monies into a five-year plan as funding sources for various road improvement projects. From FY 2021 through FY 2023, the Village has received \$1.102 million for the State's Build Illinois program for public infrastructure and other transportation improvement projects. The remaining total was budgeted for expenditure in FY 2024.

Special Revenue – E-911 Fund

Emergency 911 Taxes (both locally imposed and the local share of State taxes) are recorded in this fund for the purpose of maintaining emergency communications. All emergency 911 expenditures such as dispatch services are accounted for in this fund. In April 2019, the Village joined the South West Cook County Consolidated Dispatch (SWCCCD). In November of 2020 the transition to the SWCCCD was completed. SWCCCD provides all police, fire and EMS dispatching services including the housing of prisoners as needed. The SWCCCD consists of member agencies Westchester, Hillside, Justice, Willow Springs and Forest View.

Dispatch expenditures are appropriated at \$425 thousand. These expenditures will be funded with available 911 tax reimbursements from the SWCCCD. Many of the items recently allocated to this fund have been reallocated to the General Fund in FY 2026 in order to rebuild the fund balance in the E911 Fund.

Special Revenue - Hotel/Motel Tax Fund

The Hotel/Motel Tax Fund is a restricted fund established to promote the Village through tourism. The revenue sources for the fund are from the 5% Hotel/Motel Tax imposed on the Four Points by Sheraton hotel, donations to sponsor Village-wide events, and Newspaper Ad revenue. The Ad revenue is from newspaper publication contractual expenditures that promote the Village. Expenditures included in the Hotel/Motel Tax Fund promote tourism in the Village and include contractual services for Village special events. The FY 2026 Budget estimates the Hotel/Motel tax revenue at \$95 thousand. Special events and beautification are appropriated at \$52 thousand

combined and \$50.4 thousand is appropriated for village publications. The published newsletter will be a topic of discussion during FY 2026.

Debt Service Funds

The Debt Service Fund was created in Fiscal Year 2013 to account for debt service expenditures for the \$5,800,000 Series 2013 General Obligation (Alternate Revenue Source) Bonds issued on March 12, 2013. In May 2015, the Village issued General Obligation Series 2015 Bonds in the amount of \$2,200,000. This was part of the initial board-approved issuance of up to \$8,800,000 in GO bonds.

In FY 2022, the Village refunded \$3.76 million of the remaining Series 2013 Bonds with General Obligation (Sales Tax Alternate Revenue Source) Series 2021A Bonds for a net present value savings.

The revenue source for this fund to pay debt service on the two aforementioned bond issues is a transfer in from the Capital Projects Fund, where proceeds of the Non-Home Rule Sales Tax are recorded. Annual debt service expenditures are approximately \$545 thousand through December 2034.

The Debt Service Fund - 2021 Bond fund was created in FY 2022. This fund is used to account for the receipt of real estate taxes and payment of debt service on the \$16.525 million General Obligation Bonds Series 2021, and the \$13 million of combined proceeds of the 2023 Debt Certificates and General Obligation Bonds.

With the remaining amount of the 2021 referendum bonds issued in FY 2025, the total debt service is budgeted at \$2.411 million. The three bond issues have satisfied the original \$42 million total from the original 2021 referendum. The final maturity of the combined bonds is December 1, 2043.

Capital Projects Fund

The Capital Projects Fund was created in Fiscal 2013 to account for capital expenditures spent from the \$5,800,000 Series 2013 General Obligation (Alternate Revenue Source) Bonds issued on March 12, 2013 that are restricted for infrastructure improvement projects within the Village. The aforementioned Series 2013 GO (ARS) Bonds have been refunded with the Series 2021A Bonds.

In the November 6, 2012 primary election, the Village residents passed a referendum authorizing a one percent non-home rule sales tax. These taxes were assessed beginning January 1, 2013. The revenue estimate for these taxes is \$1.380 million for FY 2026, with FY 2025 projected at \$1.2 million. This is a significant increase from a several years ago as FY 2021's tax revenue was \$653.5 thousand. Coming out of the pandemic, this is evidence of the growing economy. The non-home rule sales tax revenue is restricted first for debt service on both the Series 2015 and Series 2021A bonds and next for capital expenditures. The budget includes an annual transfer out to the debt service fund of over \$544.4 thousand for the total debt service requirement on both of the respective bond issues.

Starting in FY 2022, the Village planned to account for its larger capital outlay items in this fund. In prior years, these items were funded and paid for primarily in the General Fund. Accumulated excess revenues from the non-home rule sales tax and reserve fund balance will be used to fund the capital outlays. Financing arrangements and installment debt was utilized in prior years to fund the ongoing various capital needs of the Village. The installment debt of \$2.743 million related to the purchase of the new Village Hall building will be retired during FY 2026 and paid from this fund. Public works safety equipment and a motor vehicle, police and fire motor vehicles, and the purchase of a new ambulance all totaling \$900.1 thousand are appropriated for in this fund for FY 2026.

In addition to the Capital Projects Fund noted above, the Village has created a Capital Projects Fund - 2021 G.O. Bonds to account for the receipt of bond proceeds and project expenditures related to the issuance of the Village's \$19.360 million General Obligation Bonds, Series 2025. This bond issue is the remaining tranche of the original referendum bonds from the November 2020 Bond Referendum. The purpose is for various capital infrastructure improvements

throughout the Village including road and alley improvements, improvements to the water system and sanitary sewer system of the Village and storm water system improvements. All \$42 million from the original Bond Referendum have now been issued. Bond proceeds of \$5.2 million are appropriated for infrastructure expenditures with the FY 2026 Budget.

SUMMARY

The FY 2026 Budget appropriates funds necessary to finance the continuation of exceptional service provided by Village departments to the community, as well as fund several major capital improvements. Coming out of the pandemic of 2020 and 2021, a relatively strong economy has been in place featuring low unemployment rates and brisk consumer spending. But even so, local governments have faced increasing financial challenges with other revenues experiencing flat or even decreasing revenues. Controlling expenditures will need to be continually addressed to ensure that the Village operates within its means. Staff will continue to work to hold down and reduce operating costs where possible. After several years of deficit spending, the Village has increased its fund balance in multiple years from FY 2020 through FY 2024, and is estimating a near break-even result in FY 2025.

FY 2025 represented a transitional year for the Village. There have been recent management changes with an attention on reviewing operations and how the Village delivers services to the community. There is focus on fiscal transparency and accurate cost accounting for operational costs and capital items. FY 2026 will continue with these basic tenets and management will strive to keep its General Fund balance at a sufficient level to provide reasonable assurance that the Village will remain solvent should circumstances occur where revenues are insufficient to cover expenditures.

The Village has come out of the pandemic with minimal negative financial impact. Some of the Village's major businesses such as Mariano's, Jewel Food Stores, and Walgreens had strong sales during the pandemic. Income tax revenues for individuals and corporations have seen growth from FY 2022 through FY 2025. Up until the recent Presidential election, the Illinois economy has been steady and comparable to last year. The Illinois Commission on Government Forecasting and Accountability has estimated a 1.1% increase in the State's General Fund revenues for FY 2026. The Village must stay attentive to the potentially changing economy and a possible resulting decrease in various revenue streams.

Cooperation with groups such as the Metropolitan Mayors Caucus, the Illinois Municipal League, and the West Central Municipal Conference continues to be critical in maintaining a municipal view in Springfield and Washington D.C. on unfunded mandate issues, i.e. homeland security - which was previously provided by the federal government, protection of municipal revenues and the future role of local governments in providing services and programs that have traditionally been provided by the federal and/or state government.

The FY 2026 Appropriation/Budget document represents a significant effort on the part of the entire senior staff of the Village of Westchester. We would like to commend staff on their diligence and efforts in developing a professional and comprehensive budget document. We thank the Village Board for taking the time to review the Budget, ask questions and provide their suggestions. We appreciate your effort and support throughout the budget process.

Respectfully submitted,

Barry Krumstok
Village Manager

Assistant Village Manager

Stefan Hanus
Accounting Manager

VILLAGE OFFICIALS

The Village of Westchester was incorporated in 1925 and operates under a council-manager governmental structure. Its representatives consist of a Village President, a Board of six Trustees, and a Village Clerk, all chosen through village-wide elections. The Village Board appoints a professional Village Manager and Assistant Village Manager to manage day-to-day affairs. Policies are devised by the Village Board and carried out by the Village Manager, who is tasked with recruiting skilled personnel from diverse professional backgrounds to serve the municipality.

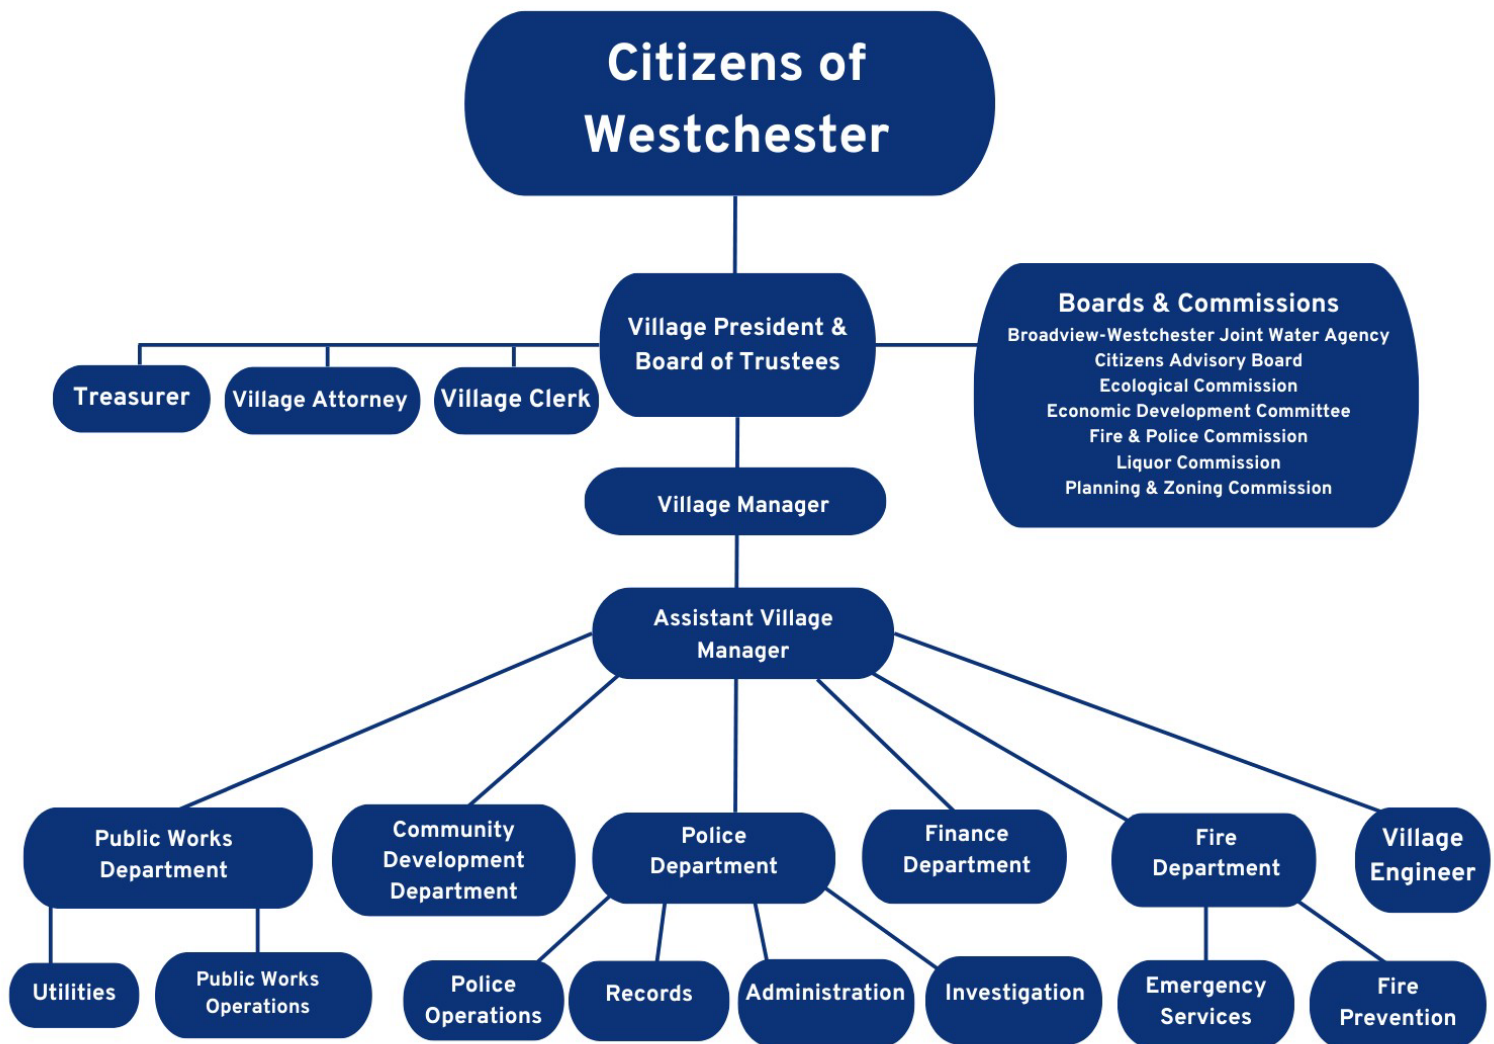

Elected Officials (left to right): Trustee Gia Marie Benline, Trustee Robert Morales, Trustee Evelyn Slavic, Trustee Victoria M. Vann, Village President Greg Hribal, Trustee Peter Marzano, Trustee Nicholas Steker, and Village Clerk Sophia Collins

Administrative Officials:

Barry Krumstok, Village Manager

John Schwarz, Assistant Village Manager

ORGANIZATIONAL CHART

The Organizational Chart represents the functional structure of the Village and operating departments. It is not intended to fully reflect the budgetary expense allocations, as several positions are budgeted through multiple funds.

SUMMARY OF ALL FUNDS

	FY 2023 Actual	FY 2024 Unaudited Actual	FY 2025 Budget	FY 2025 Projected	FY 2026 Budget
Revenues & Other Financing Sources					
General Fund	\$ 21,542,376	\$ 22,086,244	\$ 23,131,900	\$ 22,823,500	\$ 23,471,200
