**Village Attorney**  
MATTHEW WELCH

## ATTENTION: LOCALIZED BOIL ORDER

**Effective July 17, 2024, starting at 8 a.m. and continuing until further notice, a** precautionary localized boil order is in place for all drinking and cooking water in the specified area due to a valve replacement. This order affects residents on Downing Avenue from Canterbury Street to Dorchester Street, and on Canterbury Street from Sunnyside Avenue to Mayfair Avenue. The precautionary localized boil order will remain in effect following the restoration of water service until further notice.

The water system in this localized area is expected to drop below 20 psi, resulting in this Illinois Environmental Protection Agency mandated precautionary boil order until further notice.

All drinking and or cooking water should be boiled for at least 5 minutes before drinking or cooking. This order will remain in effect for the localized area until laboratory sampling confirms the water is safe. Once the water sample has been confirmed safe, customers in the affected area will receive notice stating the precautionary localized boil order has been lifted.

Should you have any questions regarding this notice, please call:
